

# COACH

## Working in Partnership with the COACH team...

Sustainability is one of our key aims; most of our ongoing costs are now self-funded but below is a list of items, projects and skills that will take COACH from good to even better. Are you able to help us achieve these aspirations?

There are a number of ways you or your organisation can get involved. As a community-based charity, seeking practical help and identifying funding opportunities is ongoing.

If you would like to lend a hand, feature on our sponsorship board, or indeed if you wish to donate quietly, please speak to one of the team. We look forward to talking to you.
